 <p>Orrstown Bank encountered a critical need to elevate its data protection capabilities to ensure faster recovery and bolster security measures. With a history of successful collaboration, Orrstown Bank turned to eGroup Enabling Technologies for assistance in addressing this challenge.</p>		 <p>eGroup Enabling Technologies proposed a comprehensive solution to Orrstown Bank, leveraging Rubrik Native Azure Protection and Rubrik on-premises infrastructure. This hybrid approach ensured modern data protection for both Azure-based and on-premises workloads. By implementing Rubrik's technology stack, Orrstown Bank gained enhanced security and streamlined recovery capabilities across their entire infrastructure landscape.</p>		 <p>Through collaborative efforts, Rubrik and eGroup Enabling Technologies successfully deployed two clusters spanning primary and secondary data centers for Orrstown Bank. Additionally, Azure VMs were secured using Rubrik Secure Cloud's Azure Native protection. This unified approach ensures comprehensive data protection across Orrstown Bank's infrastructure, providing peace of mind and resilience against potential threats.</p>		<p>Rubrik Account Executive Jackson Carmody</p> <p>Partner Jason Webster, Account Executive</p>
