 <p>CNG is interested in exploring and understanding the (compliance) risks related to their organizational data and offer a structured approach to mapping these risks to solutions that will help manage and protect their data and mitigate the associated risks.</p>	 <p>The Data Security Engagement is an eGroup   Enabling Technologies -led engagement that helps land the value proposition of Microsoft Purview Information Protection and Data Lifecycle Management with customer's business decision makers. A full day of sessions helps customers assess their privacy and regulatory requirements, address their most pressing regulatory goals and challenges, and provides an immersive experience that brings to life Microsoft's vision and capabilities with respect to privacy and regulatory compliance.</p>	 <p>Ultimately, Data Security Engagement will help CNG understand how Microsoft 365 Information Protection and Governance services and products can mitigate and protect against the privacy and regulatory risks identified during the engagement.</p>	<p><b>Account Executive</b> Rachelle Rafes</p> <p><b>Partner</b> Tucker Frey, Account Executive Peter Watkins, Project Manager Angi Johnson, Microsoft Strategic Alliance Manager Melissa Dean, Sales Support &amp; Ops Manager</p> <p><b>Contractual Value</b> <i>Driving Usage on E5 licenses</i></p>
