CHALLENGE		SOLUTION		OUTCOMES		TEAM		
<p>UMA sought to migrate approximately 250 mailboxes to Microsoft 365 following a recent acquisition. The existing mailboxes were hosted on-premises using Exchange 2016. To facilitate this transition, UMA upgraded from A1 licensing to Microsoft 365 A3 licensing in support of the project.</p>		<p>eGroup Enabling Technologies will deliver comprehensive services to support the migration to the Microsoft cloud, ensuring secure and scalable IT solutions for the future of the business. The project includes the design, configuration, and migration of mail data between environments using a cutover approach.</p> <p>Additionally, eGroup Enabling Technologies will implement Organizational Change Management to facilitate effective end-user communication, planning, adoption, and reinforcement. eGroup Enabling Technologies will also assist with the configuration of various Microsoft 365 services, specifically Exchange Online and Teams, to enhance collaboration and availability sharing across UMA's M365 tenant environments.</p>		<p>The experts at eGroup Enabling Technologies delivered a successful Microsoft 365 migration for Ultimate Medical Academy, encompassing planning, design, deployment, organizational change management (OCM), and ongoing support. The process included assessing the existing infrastructure, creating a robust architecture, and leveraging a cutover approach for the migration to minimize disruption.</p> <p>eGroup Enabling Technologies implemented an OCM plan to facilitate user adoption and provided ongoing support to maximize the use of Microsoft 365. This comprehensive approach ensured a smooth transition and positioned Ultimate Medical Academy for future growth in a cloud-first environment.</p>		<p>Account Executive Bob Dudenhoefer</p> <p>Security Specialist Michael Brunetti</p> <p>MW Specialist Erdina Francillon</p> <p>Partner Chad Lanman, Account Executive</p>
